

# CHAMPIONING NEURODIVERSITY, INCLUSION & WELLBEING

**NEURODIVERSITY APPRENTICE PROFILER** 

## **Apprenticeships and Traineeships**

The Neurodiversity Apprenticeship Profiler provides an accessible person-centered approach to supporting people at all levels and stages of apprenticeship and training. Some apprentices may have gaps in their learning or may be returning to study after many years. They may require additional support or may be neurodivergent and need some adjustments to be put in place.

Not everyone will tell you they have additional support needs. Understanding each apprentice at the start of their learning journey can improve each apprentice's outcomes and help retain talent. The Neurodiversity Apprenticeship Profiler web-based tools are helping apprenticeship providers efficiently target support for all, wherever they are (at home, on the move or in the workplace).

### Helping each person to be their best

People are our no. 1 asset. Attracting, retaining, optimising and supporting all neurodiverse talent

Robust web based profiler that can help you and your apprentices to be their best

Reassuringly developed by experts

#### **Benefits**

Developed by experts in the field of neurodiversity

"Everyone has potential but some people don't have the means to recognise this or the tools to optimise their skills."
